

Let a
Virtual Leasing Model

VLM

“Mine”

Your Existing GLA for

Increased
Revenue

How much of your existing GLA across your entire portfolio is underperforming?

1

A Virtual Leasing Model (VLM) coordinates disparate tools that continually manage, track, and record your GLA and its Leases.

2

VLMs document GLA status and when GLA can be made available.

3

VLMs grow and evolve to address changing market conditions.

4

VLMs allow you to test various strategies for replacing lost revenue.

5

VLMs are the basis for future GLA and Lease Management.
